How risky is it?

The value of the Fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

Lysander Funds Limited has rated the volatility of this Fund as **Low**.

Because this is a new Fund, the risk rating is only an estimate by Lysander Funds Limited. Generally, the rating is based on how much the Fund's returns have changed from year to year. It doesn't tell you how volatile the Fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the Fund's returns, see the Risk section of the Fund's simplified prospectus.

Who is the fund for?

Investors who:

- want to primarily receive interest income and can handle the currency volatility associated with fixed income investments denominated in U.S. dollars.

A word about tax

In general, you'll have to pay income tax on your share of the Fund's earnings and on taxable capital gains you realize from redeeming your investment. How much you pay depends on the tax rates that apply to you, and whether or not you hold the fund in a registered plan such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions of income and taxable capital gains are included in your taxable income, whether you get them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Series A Units of the Fund. The fees and expenses – including any commissions – can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

Sales charges

There is only one sales charge option when you buy Series A Units.

Sales charge option	What you pay		How it works
	in per cent (%)	in U.S. dollars (\$)	
Initial Sales Charge Option	0% to 5% of the amount you buy	\$0 to \$50 on every \$1,000 you buy	You and your representative decide on the rate of commission that you pay when you buy Units. The initial sales charge is deducted from the amount paid at the time of purchase. It goes to your representative's firm as a commission.

Fund expenses

You do not pay these expenses directly. They affect you because they reduce the Fund's returns.

The Fund's expenses are made up of the management fee, operating expenses and trading costs. The annual management fee for this Series is 0.40% of the Series' value. Because this Fund is new, its operating expenses and trading costs are not yet available.

More about the trailing commission

The trailing commission is an ongoing commission. Lysander Funds Limited pays your representative a trailing commission for as long as you own Units of this Series of the Fund. It is for the services and advice your representative and their firm provide to you. Lysander Funds Limited pays the trailing commission to your representative's firm. It is paid by Lysander Funds Limited out of the management fee and is based on the value of your investment. The maximum annual trailing commission rate for Series A Units of the Fund is 0.15%, which equals U.S.\$1.50 for every U.S.\$1,000 invested.

Other fees

You may have to pay other fees when you buy, hold, sell or switch Units of this Series of the Fund.

Fee	What you pay
Switch fees	Your representative's firm may charge you up to 2% of the net asset value of the switched Units, as negotiated between you and your representative's firm.
