

MARCH 31ST, 2022

What are the primary benefits of investing in Lysander-Canso Fixed Income Funds¹ relative to GICs²?

1. **Greater Initial Yield** – Lysander-Canso fixed income funds' portfolios generally have greater yields than 1-Year, 3-Year, and 5-Year GICs as of March 31st, 2022
2. **Historical Outperformance** – Lysander-Canso fixed income funds have demonstrated outperformance compared to GICs, as of March 31st, 2022
3. **Optionality** – GICs are locked-in for a predetermined amount of time. Unless you pay a penalty (likely forfeiting interest accrued or worse), you cannot reallocate your capital should a better investment opportunity present itself. Lysander-Canso fixed income funds provide daily liquidity, which gives the optionality to re-deploy capital at any time

INITIAL YIELD CHARACTERISTICS

Lysander-Canso fixed income funds' portfolios generally have **greater yield characteristics** than GICs as of March 31, 2022

This presentation is not an invitation to invest in any fund and does not constitute a public offering of sale. Purchases in the funds can only be made through an Investment Professional on the terms in the applicable fund's offering document by eligible investors. Each purchaser of units in a fund may have statutory or contractual right of action.

Commissions, trailing commissions, management fees and expenses all may be associated with fund investments. Please read the prospectus before investing. The indicated rates of return are historical annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any securityholder that would have reduced returns. Different series may have different fees payable which may result in series of the same fund having different rate of returns. Investment funds are not guaranteed, their values change frequently and past performance may not be repeated.

This document may contain forward-looking statements. Statements concerning a fund's or entity's objectives, goals, strategies, intentions, plans, beliefs, expectations and estimates, and the business, operations, financial performance and condition are forward-looking statements. The words "believe", "expect", "anticipate", "estimate", "intend", "aims", "may", "will", "would" and similar expressions and the negative of such expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. These forward-looking statements are subject to various risks and uncertainties that could cause actual results to differ materially from current expectations. Readers are cautioned not to place undue reliance on these forward-looking statements. While Lysander considers these risks and uncertainties to be reasonable based on information currently available, they may prove to be incorrect.

Fixed income securities unrated by external agencies are assigned an internal Canso credit rating for Average Credit Quality.
