IMPORTANT TAX NOTICE TO U.S. UNITHOLDERS OF THE FUND

This statement is being provided to all unitholders of the Funds. United States persons for purposes of the U.S. Internal Revenue Code of 1986, as amended ("Code") and the regulations thereunder, who directly or indirectly hold interests in any of the Funds may be subject to U.S. taxation with respect to their investments. United States persons include U.S. citizens (whether or not they are U.S. residents); individuals with U.S. permanent resident status, individuals who meet a substantial presence test, and certain individuals who elect to be treated as U.S. residents; U.S. corporations; and certain U.S. trusts and estates. Investors in the Fund should consult with a U.S. tax professional to determine whether they are United States persons.

The Funds may be deemed to be classified as Passive Foreign Investment Companies (each a "PFIC") as defined in Code Section 1297(a) for their U.S. tax years beginning January 1, 2024, and ended December 31, 2024.

This information is provided in order to assist unitholders in making calculations and does not constitute tax advice. The U.S. tax laws regarding PFICs are extremely complex and unitholders are advised to consult their own tax advisors concerning the overall tax consequences of their respective investment in, and ownership of units of the Fund under United States federal, state, local and foreign law.

A Form 8621, "Return by a Shareholder of a Passive Foreign Investment Company or Qualified Electing Fund," must be filed with the IRS by each domestic unitholder for each PFIC investment as defined below. The information necessary to complete Form 8621, Part I is provided below.

U.S. unitholders of a PFIC may be eligible to make a "qualified electing fund" ("QEF") or "mark-to-market" ("MTM") election with respect to any PFIC stock held directly or through a foreign partnership. A U.S. unitholder that has not made a QEF or MTM election with respect to the PFIC investment is subject to the excess distribution rules in section 1291; the PFIC is then referred to as a "Section 1291 Fund PFIC" ("1291 PFIC"). If a U.S. unitholder has made a QEF or MTM election with respect to a PFIC, the election generally applies, in the year of the election and future tax years, to all stock of that PFIC held directly or indirectly by the U.S. unitholder.

Section 1291 Excess Distributions

The Funds have made distributions potentially subject to the application of the section 1291 excess distribution rules. For domestic shareholders subject to the section 1291 excess distribution rules that are treated as having received an "excess distribution" and/or recognized gain due to a disposition of the 1291 PFIC during the tax year, the information necessary to complete Form 8621, Part V for all PFICs is provided below. Note that if you disposed of your interest in a partnership through which you held the Funds during the year, you may be subject to additional tax on the indirect disposition of a 1291 PFIC. Consult your tax advisor.

If you have made a QEF or MTM election with respect to any PFIC Fund held directly or indirectly, you should be separately tracking your tax basis in each unit of Fund, adjusting for any QEF or MTM inclusions, as well as certain distributions and MTM losses.

The Funds will, upon written receipt of request, permit the U.S. unitholder to inspect and copy its permanent books of account, records, and such other documents as may be maintained by the Fund to establish that its ordinary earnings and net capital gains are computed in accordance with U.S. income tax principles, and to verify these amounts and the pro-rata shares thereof.

Cash and property distributions are converted into U.S. dollars based on the closing rate published on Oanda (Source: www.oanda.com) in effect on the date the distribution is paid. Unitholders should consult their tax advisors as to the appropriate U.S. dollar conversion rate.
