Why Invest in this Fund?

SIGNIFICANT VALUE-ADDED BY INFORMED SECURITY SELECTION

- Canso has access to institutional fund management capabilities.
- Canso emphasizes 'bottom up' and 'deep value' security selection.
- Canso exploits market liquidity to the advantage of our investors.
- Canso's investment portfolios are built on a foundation of proprietary and independent research.

The Fund has achieved returns through a diversified portfolio comprised primarily of corporate debt and money market securities. There are no limits on the percentage of the Fund that can be invested in securities rated below BBB. From time to time the Fund may also hold up to 20% in other securities such as convertible bonds, equities, or income trusts.

Canso Fund Management Ltd. is the investment fund manager of the Canso Corporate Value Fund (the “Fund”). This document is not an invitation to invest in the Fund and does not constitute a public offering of sale. The Fund is only available under prospectus exemptions and other exemptions available to investors who meet certain eligibility or minimum purchase requirements. Currently these exemptions include the accredited investor exemption and the \$150,000 minimum purchase exemption for non-individual investors. Each purchaser of Units in the Fund may have statutory or contractual rights of action. The offering of Units of the Fund is made pursuant to an Offering Memorandum and the information contained herein is a summary only and is qualified by the more detailed information in the Offering Memorandum. Information presented in this material should not be construed as investment or financial advice. Please consult a Financial Advisor. Please read the offering memorandum before investing. Commissions, trailing commissions, management fees and expenses all may be associated with investment funds.

The indicated rates of return are historical annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any securityholder that would have reduced returns. Investment funds are not guaranteed or insured, their values change frequently and past performance may not be repeated.
