Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus before investing. Investment funds are not guaranteed, their values change frequently, and past performance may not be repeated. You will usually pay brokerage fees to your dealer if you purchase or sell units of an ETF on the Toronto Stock Exchange ("TSX"). If the units are purchased or sold on the TSX, investors may pay more than the current net asset value when buying units of an ETF and may receive less than the current net asset value when selling them

Correction: An earlier version of this release incorrectly listed the ETF Payment Dates as January 10, 2026 instead of January 12, 2026.
